Support. Educate. Empower.

Envision:You addresses the unique needs LGBTQ+ people have when considering and accessing behavioral healthcare. As members of an often misunderstood minority group, they frequently face discrimination, violence, and poor mental health outcomes. Although it requires great strength and courage, seeking support is one of the most important steps a person with a mental health and/or substance use disorder can take. Envision:You is here to support, educate, and empower LGBTQ+ people in taking that step.
